Senior Frontend Developer | Frontend Engineer

Frontend Developer with 4+ years of experience building scalable web and cross-platform mobile applications using React.js, Next.js, React Native, TypeScript, and JavaScript. Experienced in frontend architecture, REST API integration, responsive UI, performance optimization, Agile delivery, and leading frontend teams across international projects. Open to relocation.

WORK EXPERIENCE

Senior Frontend Developer & Project Manager • Full-time

TrioSoft Technologies Pvt. Ltd. • Bhopal, India • 02/2024 - Present

- Lead a 5-member frontend team, overseeing technical delivery, development standards, task allocation, mentoring, and Agile workflows.
- Architect and deliver 10+ production web and mobile applications using **React.js, Next.js, React Native, TypeScript, JavaScript, and WordPress**.
- Build responsive, component-based user interfaces focused on usability, scalability, maintainability, and performance.
- Collaborate with backend engineers on **REST APIs**, request/response structures, data validation, authentication flows, and integration requirements.
- Contribute to frontend architecture, technical decisions, debugging, performance optimization, and software development lifecycle improvements.
- Coordinate project requirements and delivery across technical and business stakeholders.

Software Developer • Full-time

TrioSoft Technologies Pvt. Ltd. • Bhopal, India • 05/2023 - 01/2024

- Developed cross-platform Android and iOS applications using **React Native** and JavaScript.
- Integrated REST APIs and third-party services for hospitality, POS, and on-demand applications.
- Implemented Bluetooth thermal printing workflows for mobile POS environments.
- Managed sprint tasks and delivery using **Jira, ClickUp, Git, and Agile development practices**.

Junior Frontend Developer • Full-time

TrioSoft Technologies Pvt. Ltd. • Bhopal, India • 08/2022 - 04/2023

- Developed responsive web interfaces using **React.js, JavaScript, HTML5, CSS3, and Bootstrap**.
- Built reusable frontend components with focus on responsive design and cross-browser compatibility.
- Troubleshoot frontend issues and contributed to web performance and user-experience improvements.
